

## **Trails Committee Meeting**

November 13, 2002 7-9pm

Had an excellent Trail Committee meeting this evening. 6 participants

Charles Hunt, Ed Hollsworth, Jim Scarr, Sally Thomason, Eileen Hilburn, David Paddock, and of course Marion Harris and Me.

I'll have minutes for the Board Meeting to review, but here are some highlights.  
2<sup>nd</sup> Saturday's are confirmed as our regular workdays  
Clean Up days in March and September are approved, but will not be 2<sup>nd</sup>  
Saturdays they will be 4<sup>th</sup> Saturday's, and will be advertised as public events.

We will have section overseers, Tentatively they will be Jim and Sally = Kolb Farm Loop, Dave and Ed = Visitor Center to Burnt Hickory, and Chuck & Eileen = Burnt Hickory to Illinois Monument. I will coordinate with them to identify and prioritize projects.

Committee meetings will be 2<sup>nd</sup> Saturdays during (i.e. at lunch) or after the workday.

Current Project Priority list as established by the Park Service is

1. Finish Big Kennesaw to the Cross Walk Started in November.
2. Fix trail from Visitor Center to the top of Big Kennesaw
3. Re-Route Trail on the west side of Little Kennesaw (Becomes 1<sup>st</sup> Priority superceding all other projects once all approvals are in).
4. Re-define Trail on Pigeon Hill from Earthworks bridge to the Saddle.
5. Repair the YCC 2002 construction on the East Side of Little Kennesaw to the Cross Walk
6. Plan a Re-route of the horse trail away from the Board Walk, and out of the Bog.

That should keep us busy for a considerable period of time.

I will be the focal point for Eagle Scout and other "group" projects and coordinate with the Park Service.
