## Work Day - 7/10/21

A group from SCA came to KMNP in June and July. Mike and Dave met with the SCA trainer, and Bill worked with SCA a couple of days. Dave, Mike, Fred and Bill prepared a comprehensive work plan for Pigeon Hill and Little K for SCA and for future Trail Club workdays.

On July 10, Mike and Dave led groups on two projects rearranging large loose rocks in the trail where the existing "steps" were too high. Thanks Andy, Fred, Bill, Scott, Bob, and Rich for joining in, and thanks to Rena for running registration. The before and after pictures don't show the heavy work accomplished too well, so you will just have to hike up there to see what was done.

## Would - Should - Could

The title of this article is a collection of words. It's hard to define a collection; could be just a couple of things, thoughts, musical notes or words and it may add up to very many items. Recently I read that the act of collecting items is no longer in favor. Take for instance teacups - know anyone who collected those; or my favorite of a collection of sewing thimbles - anyone?

No, I don't collect thimbles, teacups or NFT (Non-Fungible Token). However I have collected things over the years, sort of with the mindset that someday they'll be worth more than what I paid for them. But like so many things that once had a value it can go up or down, somehow collectable things are appealing to one person and maybe not another. Using the title's three words; 'would' you collect it, 'should' you and in a lot of cases 'could' you. Sure the 'would' part is easy - see it or hear it and you like it. 'Should' is a little harder as in should I really do this. And, 'could' is difficult because you'll need a place to store or display a collection and what's sometimes the most difficult is affording to put in your collection. Oh don't worry about that last one, someone will always be willing to pay more for what you have - right.

Well here's an easy thing to collect and it really doesn't cost much, just some time and your willingness to collect a new memory. Get involved by volunteering to work with others. Truly being a volunteer is an investment in yourself, it's like buying something and putting it on display and then having the ability to pass on that feeling to someone else. It's a simple collection of would, could and should. Work with the Trail Club and you can plant a collection of rocks or be a Trail Ambassador and then point to where a collective of volunteers worked. All good things and you'll be able to store many memories.

Recently a friend turned ninety two (92), see his picture wearing the flight suit. He's collected lots of patches over the years, they all represent units he had contact with. In fact for his Birthday he rented a helicopter and flew it. There was a large crowd to watch him take off and land. Afterwards my friend said that he enjoyed flying again, but he did it for the crowd to give them a memory of the day.

Come volunteer at Kennesaw Mountain and become a leader - pass on a memory to add to someone's collection.

## 2021/2022 Fund Raising

Your volunteer hours help greatly for the many projects we do in the park and we greatly appreciate you contributing your “sweat equity” alongside our 80+ staff volunteers who routinely support each event. We are a non-profit all volunteer organization. However, like any business, we do have bills to pay.

Many of our projects are funded by the park or through grants we apply for. These funds are typically targeted for specific projects and do cover the big expenses such as rocks, stone dust, dirt, wood beams, bridges, fences, and such. But, after all the big stuff is paid for, we still have need to cover our day-to-day operating expenses for things like saw blade sharpening, fuel, tool repairs, equipment maintenance, work gloves, bug spray, drinking water, snacks, and porta-potties, along with basic business expenses - e.g. insurance. For these expenses, we rely on your donations.

Each year we kick off a new round of fund raising and this is the 2021/2022 big “ask.” We need your help with this, even small donations help. We will conclude this drive at the end of FY 2022 (September, 2022).

**As we approach our 19th year in operation, we ask you to please think ‘20’, like \$20.. \$40.. \$60..... \$200... \$2000. All donations to the Trail Club support our work at the park, and are tax deductible.**

We are a nationally recognized club - having been presented the highest award in the National Park Service in 2014, “The Hartzog Award for Volunteer Group.” There are several ways to donate:

- Use Guidestar on the bottom of our home page on the Trail Club website <http://www.kennesawmountaintrailclub.org>
- Subscribe to Amazon “Smile” where they will donate to us based on your purchases <https://smile.amazon.com/> - look for KEMO Trails Corps
- Send a tax deductible contribution to:

# UPDATE - Kennesaw Mountain NBP 157<sup>th</sup> Virtual Battle Anniversary

July 20, 2021

*Amanda Corman, Park Ranger*

This past June, Kennesaw Mountain National Battlefield Park commemorated its 157th Battle of Kennesaw Mountain Anniversary. Due to COVID-19 restrictions, the park held the event virtually. This was the second time that the park commemorated the anniversary through social media.

Similar to the traditional event, virtual programs were held over the weekend of June 26 – 27, 2021. Programs included living history demonstrations, children's activities, a historian talk, and a musical program. Each of the anniversary videos were posted to the park's YouTube page with links on Facebook and Twitter. On June 26th, nine (9) video programs were provided and as of July 8, there were 2444 views. On July 27th, eleven (11) video programs were provided and as of July 8, there were 1622 views. Each program was also made available to those with visual and/or hearing impairments. For these new virtual visitors, for the June 26th, there were 103 views with 77% completion and 236 views with 57% completion. Completion rates indicate how many people watched the entire length instead of clicking out part way through. The NPS national completion average is 33%.

We thank each of you for your virtual support of our virtual programs during this unique time. We are looking forward to a more traditional anniversary for the 158th anniversary; however, as we have learned over the last two years, things may always change.

Thank you for your continued support.

These and other videos can be found at <https://www.facebook.com/KMNBP> - You'll have to scroll down to articles awaiting your perusal on the data entries for June 26 - 27, 2021.
